CALL NUMBER: WA MSS S-1482

CREATOR: Guajardo, Luis Alberto

TITLE: Luis Alberto Guajardo Collection of Músquiz, Mexico Records

DATES: 1553–1889

BULK DATES: 1801–1889

PHYSICAL DESCRIPTION: 7.09 linear feet (17 boxes)

LANGUAGE: Spanish; Castilian

SUMMARY: The Luis Alberto Guajardo Collection of Músquiz, Mexico Records contains administrative records from the town of Músquiz, Coahuila, Mexico. The records were collected by Luis Alberto Guajardo, a general in the Mexican Army. Guajardo's military travels allowed him to visit local record offices in Coahuila and research the history of the region. This research led to the formulation of Guajardo's Apuntes Datos y Noticias Para la Historia de Coahuila, a history of the Coahuila region. The Records are arranged in five overlapping chronologies. This order has been maintained from an earlier, unknown processor, perhaps Guajardo himself. The chronologies include circulars issued by the Coahuila government; religious, legal, military, land, water, and mining records pertaining to Musquiz and the Coahuila region; census records, including the documentation of Indians, widows, slaves, and vassals; legal records, including records administering issues of violence against women; documents pertaining to the administration of Indian affairs, particularly those of the Seminole and Apache tribes; and indices of correspondence and decrees in Coahuila, wills, and court proceedings. Also included is material on the founding and history of the Texas region, as well as English language manuscript land petitions, citizenship records, and legal proceedings of Thomas Jefferson Chambers.

Processing Information

Collections are processed to a variety of levels, depending on the work necessary to make them usable, their perceived research value, the availability of staff, competing priorities, and whether or not further accruals are expected. The library attempts to provide a basic level of preservation and access for all collections, and does more extensive processing of higher priority collections as time and resources permit.

This collection received a basic level of processing in 2014, including rehousing and minimal organization. Prior processing in the summer of 1993 found that the papers had been arranged in five chronological series. Many documents were dated in pencil by an earlier unknown processor. Without disturbing these series, the chronological order within each series was improved, and the material was placed in archival folders and boxes. No bound documents were disbound.

Information included in the Description of Papers note and Collection Contents section is drawn from information supplied with the collection and from an initial survey of the contents. Folder titles appearing in the contents list below are often based on those provided by the creator or previous custodian. Titles have not been verified against the contents of the folders in all cases. Otherwise, folder titles are supplied by staff during initial processing.

This finding aid may be updated periodically to account for new acquisitions to the collection and/or revisions in arrangement and description.

Associated Materials

Associated material: Luis Alberto Guajardo Papers on the History of Coahuila (WA MSS S-668). Beinecke Rare Book and Manuscript Library, Yale University.

Biographical / Historical

Luis Alberto Guajardo (1872-1925) was a general in the Mexican Army. He was born in Músquiz, Coahuila and participated in the Mexican Revolution. His military travels allowed him to visit local record offices in Coahuila and research the history of the region, as well as make copies of original documents. This research led to the formulation of *Apuntes Datos y Noticias Para la Historia de Coahuila*, a history of the Coahuila region.

Scope and Contents

The Luis Alberto Guajardo Collection of Músquiz, Mexico Records contains administrative records from the town of Músquiz, Coahuila, Mexico. The records were collected by Luis Alberto Guajardo, a general in the Mexican Army. Guajardo's military travels allowed him to visit local record offices in Coahuila to research the history of the region, collect documents, and make copies of original documents. This research led to the formulation of *Guajardo's Apuntes Datos y Noticias Para la Historia de Coahuila*, a history of the Coahuila region. Much of the material contained in this collection appears to have been used in the creation of the *Apuntes Datos y Noticias*.

The collection is arranged in five overlapping chronologies, apparently created by Guajardo. In some areas of this collection, his manuscript notes are present and indicate how he has grouped material.

The First Chronology is the largest and includes administrative records, particularly census records, land records, legal records, and records pertaining to the administration of Indian affairs.

The Second Chronology is very similar to the First Chronology and includes administrative records and circulars issued by the Coahuila government.

The Third Chronology includes religious, census, property, and legal records pertaining to Músquiz and the Coahuila region.

The Fourth Chronology contains administrative records for the Coahuila region, including census, land, and water records; census rolls, including rolls of Indian (particularly Seminole and Apache) residents; records pertaining to mining in the Santa Rosa region; an account of the founding of Piedras Negras; and records pertaining to the military budget.

The Fifth Chronology includes indices of correspondence and decrees in Coahuila, wills, and court proceedings. The land petitions, citizenship, and legal proceedings of Thomas Jefferson Chambers are especially well documented and include manuscripts in English. This chronology also includes material on the founding and history of the Texas region.

Luis Alberto Guajardo's Folders (now empty) consists of folders Guajardo used. When the collection was processed in 1993 these folders were empty, but the folders have been kept with the collection because they include Guajardo's notes and may provide information regarding how he organized the collection.

Collection Contents

Series V: Fifth Chronology*0.83 linear feet (2 boxes)*

The Fifth chronology includes indices of correspondence and decrees in Coahuila, wills, and court proceedings. The land petitions, citizenship, and legal proceedings of Thomas Jefferson Chambers are especially well documented and include manuscripts in English. This chronology also includes material on the founding and history of the Texas region.

Throughout this section there are autograph notes in the hand of Luis A. Guajardo suggesting an order he imposed while creating *Apuntes Datos y Noticias Para la Historia de Coahuila*. Some of the folders were labeled by an unknown earlier processor and those titles have been maintained. Titles in brackets were provided in the summer of 1993.

Arranged in chronological order.
