The digital component of the Peter Gizzi papers consists of files from two computers, loose disks, and email archives. Files and email were copied off two working computers at Gizzi's residence in Holyoke, MA, on 2009 October 7. The word processing files include drafts of writings, research notes, correspondence, professional documents, and teaching and lecture notes.

Email files: Access is restricted during the lifetime of Peter Gizzi. Files in the "Restricted files" folder: restricted until 2020 January 1.

Copies of other electronic files may be requested. Consult Access Services for further information.

Organized into three subseries: Macbook Files, IMac Files, and Computer Disks.

Macbook files	2008-2009
---------------	-----------

This subseries includes folders and files from a Macbook 3.1.

The hard drive on this machine crashed and was restored by an unidentified commercial vendor prior to its acquisition by the library. Most records on the Macbook are dated 2008 March 10 (recovery date). Files created following the hard drive recovery have later dates.
