Administrative Information

Conditions Governing Access

Alumni records are restricted for 75 years from the last known date of attendance.

Some records in this finding aid have been redacted, as they include student names, donor names, and other restricted data. These records will not appear in the published finding aid.

Preferred Citation

Alumni Records Office, Yale University, Records of Alumni from the Classes of 1701-1978 (RU 830).
Manuscripts and Archives, Yale University Library.

Processing Information

Yale University records are arranged and described at the accession level by the creating office. The University Archives creates collection level descriptive records, but typically does no further arrangement and description at the accession level.

Scope and Contents

The series have varied filing schemes for graduate and non-graduate files, and the type of degree received.

Graduates and Non-Graduates. In general, non-graduate files are identified with an "x" either before or after the year of graduation. In some sections, graduate and non-graduate files in the same class are filed together in alphabetical order. In other sections, the non-graduate files follow the graduate files of the same class. In still other sections, the non-graduate files are kept completely separate from the chronological sequence of the graduate files. If a file is not found in the graduate section, make sure to also check among the non-graduate files.

Type of Degree. In some sections, graduate files with different types of degrees are interfiled according to their class. In other sections, graduate files with different types of degrees are filed separately with their own chronological sequence.

The following explanations for each series will show the varied treatment of files for graduates and non-graduates, and different types of degrees. The explanations should be used in conjunction with the box list.

General note

Forms part of Yale Record Group 8-B (YRG 8-B), Records on individual Yale alumni.

Arrangement

The records are arranged in eleven series: I. Yale College. II. Sheffield Scientific School. III. School of Medicine. IV. Law School. V. Divinity School. VI. Graduate School of Arts & Science. VII. School of Nursing. VIII. Honorary Degrees. IX. School of Music. X. Art and Architecture XI. School of Forestry and Environmental Studies; and in subsequent accessions.

Collection Contents

Series I: Yale College

Each class (1701 to 1949) is divided into two sections for graduate and non-graduate files. Files for non-graduates follow the graduates of the same class. For example, the file for "Joe Smith, x1902" would be found in Box 159 in the 1902 non-graduate section directly after the files for the 1902 graduates. [Boxes 1-619].

For the Classes 1950 to 1954, files for non-graduates and graduates are filed together according to their class. [Boxes 620-633]

Series II: Sheffield Scientific School and Engineering

Classes 1849 to 1945 contain files for Sheffield and Engineering graduates and non-graduates. Even though Sheffield became part of Yale College in 1935, the alumni records for Sheffield were still kept separately. Each class is divided into two sections for graduates and non-graduates. Non-graduates follow the graduates of the same class. For example, the file for "Joe Smith, x1902 s" would be found in box 694 in the 1902 non-graduate section directly after the files for the 1902 graduates. [Boxes 634-904]

For the Class of 1945 (with degrees We and Ws), files for non-graduates follow the graduates of the same class. [Boxes 904-907]

For the Class of 1946, files for non-graduates follow the graduates of the same class. [Boxes 907-909]

The files for the Class of 1946 with the Mar E&S degree are in Box 909.

For the Classes of 1947-1950, Undergraduate Engineering, files for non-graduates follow the graduates of the same class. [Boxes 910-914]

Files for students graduating from 1936 to 1949 with the Doctorate of Engineering (D.Eng.) are filed as a separate group. [Box 915]

Files for students graduating from 1936 to 1949 with the Master of Engineering (M.Eng.) are filed as a separate group. [Boxes 915-916]

Files for students graduating from 1936 to 1949 with miscellaneous engineering degrees (Misc. Degree) are filed as a separate group. [Boxes 916-917]
